

Los colores del camaleon (Spanish Edition)

Chameleon is tired of constantly changing colors. He blends in wherever he goes and no one ever sees him! Hippo, however, is envious of Chameleon. He would love to be a different color. Surprisingly, all of the other animals in the jungle would, too! So, Chameleon sets to work painting strips on the lion and polka-dots on the elephant. He uses every color and pattern under the sun. But, as the animals soon learn, changing their original appearance causes problems they never expected.
