

Before The Threshold

THE inward life of prayer is our truest life. It is our life with God, our life in relation to God; it is the seed sown in the soil of time that will grow into our eternal happiness. The Threshold of Prayer was the name given to a little book about how to pray with the mind and heart: it is in allusion to that name that this pamphlet is called Before the Threshold, for it is to be about something in our inward life that must come, in a certain sense, before we cross the threshold of prayer: it is to be about the spiritual training that fits us for prayer. True, this training does not end when we begin to pray; it goes on all our lives, just as the endless practice at which a great musician toils goes on all his life, even when he has reached the pinnacle of his glory and is holding the world enthralled by his playing. Nevertheless, there is a true sense in which our spiritual training comes before the threshold of our inward life, just as it is true that the musicians practice comes before his playing.
