

Dillie the Deer: Love on Hooves in Color

This is the true, delightful story about Dillie the deer, a unique house pet who became an international web cam and internet star. Over a million people have watched her on her web cam at www.ww.com/dilliecam. Born blind and rejected by her mother, Dillie's life had no meaning or worth. Saved by love, she became a cherished family member that returned that love, with interest, bringing her family boundless joy. Her subsequent internet fame delivered this love to others all over the world, on her dainty cloven hooves. Her worthless life became a beautiful treasure. Like drinking a hot cocoa on a harsh winter day, Dillie's story will warm you to your toes and teach you that every life makes a difference.
