

ISO 5066-2:1986, Aircraft - Hermetically sealed monostable electrical relays, 2A and 3A - Part 2 : Type approval tests

Gives the methods for these relays, the operating characteristics of which are specified in ISO 5066-1. The relays shall be subjected to the tests in the order stipulated in table 8 in the annex of ISO 5066-1 and in accordance with clause 4 herein as regards the preliminary checks and with clause 5 as regards tests No. 1 to 20. This title may contain less than 24 pages of technical content.
