

## The Broken Bridge

Although she has been raised by her father, sixteen-year-old Ginny has always felt a bond with her mother, a Haitian painter whom she has never known. Like her mother, Ginny is a talented and passionate artist. As the only mixed-race teen in a small Welsh village, Ginny hasn't always had an easy life, but her love for art has always helped her get along. Then her world is turned upside down. First she learns that she has a white half brother, the child of her father's first marriage. Then she uncovers some startling news about her mother. Suddenly, her whole life seems like a lie. Desperate and confused, Ginny sets off on an urgent quest to find the truth about her past - and lay claim to her true identity.
